

Revolutionize your Invoice Processing with AI

Experience unparalleled efficiency in financial operations with APconnect One, seamlessly integrated with SAP Business One.

Empowering Financial Teams

Financial teams are the backbone of any thriving business, yet they are often bogged down monotonous and error-prone tasks. **APconnect One** brings a transformative **public cloud** solution, deploying artificial intelligence to automate your **accounts payable** process.

APconnect One isn't just another tool — it's your partner in efficiency, designed to work **in harmony with SAP Business One**. This powerful synergy enables your financial experts to pivot towards strategic roles that propel business growth.

Step-by-Step Through the Entire Process

Key Features

- ◆ **Public cloud:** Eliminates the need for local infrastructure management, offering a scalable and maintenance-free environment that improves continuously.
- ◆ **AI-Driven:** Employs artificial intelligence to minimize errors, intelligently suggesting corrections and learning from each interaction.
- ◆ **End-to-End:** Automates every step from invoice importing to archiving, streamlining the entire process.
- ◆ **Secure:** Ensures secure access with single sign-on and robust user permissions, meeting rigorous IT security standards.
- ◆ **Line-level Invoice matching:** Implements sophisticated two-way and three-way matching for goods invoices, enhancing precision and control.
- ◆ **Flexible:** Facilitates multi-level approval processes with audit trails for thorough accuracy and accountability.
- ◆ **PEPPOL Integration:** Simplifies electronic invoice reception and compliance with European regulations.
- ◆ **Seamless SAP Integration:** Provides direct access to the advanced search capabilities of APConnect One within SAP Business One, providing a cohesive and efficient experience.

A Seamless Integration with SAP Business One

Integration shouldn't be an afterthought—it should be a pathway to greater efficiency

APconnect One's **deep integration with SAP Business One** transcends conventional boundaries, offering you a streamlined experience that directly impacts your bottom line.

From automated data extraction to intelligent approval workflows, every aspect of APconnect One is crafted to enhance your financial operations, ensuring you're always a step ahead.

Why choose APconnect One?

APconnect One offers a transformative solution for your accounts payable processes, leveraging the power of artificial intelligence to streamline your workflow and enhance decision-making.

Efficiency at Scale

Handle thousands of invoices effortlessly, reducing processing time and freeing up your team for more valuable tasks.

Directly access and manage invoices through SAP Business One, providing a cohesive and efficient experience.

Secure, Compliant and Future-Proof

Our public cloud solution is built on top-tier security standards, ensuring your data is always protected.

With APconnect One, you'll stay ahead of evolving European legislation on E-Invoicing and PEPPOL.

Transparent Costs

Whether you're managing a few entities or a multinational operation, our pricing adapts to your scale, offering optimal cost-efficiency.
